

Leave of Absence Policy

Adopted by the Board of Governors on December 19, 2017

Background: Article II. Section I. (h) of the bylaws permit a golf member (stockholder, non-resident, legacy, young) who resigns his or her membership to reinstate their membership anytime within 12 months from their date of resignation. Their reinstatement is subject to an administrative fee as set by the board of governors.

From time to time Members are faced with extenuating circumstances, which require them to resign their Membership with the plan of returning in the future, such as a serious health condition. This policy creates clarity and consistency surrounding the reinstatement fee within the guidelines of the bylaws.

Leave of Absence Policy: A Member may request a leave of absence by submitting a request in writing with supporting information to the General Manager/COO.
